THAT INFLUENCE

THE POWER OF INFLUENCE

Each of us has the power to be influential. If you want to succeed in life, you have to know what you want, when you want to have it, why and how you intend to get it. You can make it happen, but too often we stand in our own way. The Power Hour will help you to understand the Universal Principles of commanding abundance, removing obstacles, and achieving your desired outcomes.

Specifically, we will explore:

- Leverage the Power of Belief: Identify and eliminate negative thoughts and actions that prevent you from reaching their full potential.
- Learn how to value yourself and effectively set boundaries.
- Strengthen Self-Confidence: Acquire the skills and habits that lead to opportunities.
- Create Power through Image: Clothing, colors and styles.
- Changing the Mindset: Building strong beliefs. Setting good habits in motion. Learning to play a bigger game in life to get what you want.

PLUS: This 90 minute program includes handouts and tip sheets associates can use on the job long after the program is completed.

93% of communication can be non-verbal. Mastering your impression and influence on others is vital to succeeding in both your personal and professional life.
